

## RYAN N. ROSENBERG

Ryan is a Vancouver based Canadian immigration lawyer who advises clients on all Canadian immigration and citizenship issues. He has significant experience assisting Canadian and multi-national corporations overcome labour market shortages through the utilization of the Provincial Nominee Programs, the HRSDC foreign worker program and various international trade agreements. He is particularly active with clients working in civil infrastructure, natural resources, financial services, information technology and various skilled trades.

Ryan also customizes strategic immigration solutions for individuals and families, with an emphasis on employment, investment, and family sponsorship based applications.

Ryan co-founded Larlee Rosenberg in 2009 and serves the firm as Managing Partner. He is a published columnist, a regular panelist at immigration law conferences and an active member of the Canadian Bar Association. In 2011 he testified as an expert witness before the Senate of Canada on proposed amendments to Canadian immigration laws.

### Representative Work

- Manages a portfolio of up to 100 high skilled temporary foreign workers for a global fortune 500 company with substantial civil infrastructure projects underway across Canada
- Routinely represents key executives and senior staff in professional sport, mining, engineering, technology and other sectors respecting work permits and permanent residence in Canada.
- Regularly obtains labour market opinions and work permits on an emergency or urgent basis for a major industrial repair company who routinely deploys teams of specialized trades from the United States to various projects in Northern Alberta and British Columbia
- Utilized the BC PNP to assist a Chinese state owned enterprise transfer key executive to Canada from China following its acquisition of a British Columbia forestry company
- Assisted a large European mining company staff its new regional headquarters in Vancouver with key executives from various offices around the world.
